PRESIDENT'S LETTER

Hello everyone,

What a wonderful program Tonya Riccuci did for us, and the workshop was liberating and lots of fun.

I was also amazed at the over 30 quilts parading for our show 'n tell. I am very proud of all of you. Keep it up.

I recently experienced something special and almost forgotten that I want to share with you. While I was on a cruise recently, I took some hand work with me for those peaceful sea days. A friend had given me a quilt she and others had attempted to hand quilt and could not finish, so I volunteered to do it. In my early quilting years, I used to do a lot of it. So here I was on sitting on deck, hand quilting and getting lost in my thoughts and watching the quilt come alive as the stitched curves developed. It felt wonderful! It allowed me to get in touch with my inner self, away from the noise and bustle of everyday modern life.

We do so much machine work whether it is piecing, applique, quilting, and embroidery that we forget what it feels like to do hand work. So, once in awhile, let's take a break from our technical and electronic quilting world and experience the pure joy of doing hand work just like our great grandmothers. Let's get into that zone where time no longer matters, enjoy the peace and count our blessings. So, I decided to always have a small hand work project ready to take with me.

I am looking forward to our May program and workshop in which Debbie Krajkowski will teach us how to design a modern quilt. There is still space available, and we would love you to join us in her workshop. It is always beneficial to have a fresh approach to our art.

See you at our May 8th meeting.
Marie-Christine

BOOK REVIEW:

Quilts Around The Year by Linda Seward

Here is a book for the quilt maker purist .It's traditional from design to process, on to color and results. The book is arranged by seasons with a great selection of quilts within each. There is a wealth of design and color opportunities, templates, techniques, and quilting patterns to help you along the way.

The author has also included other projects such as placemats, bags, pillows, Christmas stockings, and other ideas. Although some designs are season specific, I think they could easily be adapted to any season with the individual quilt makers creativity.

The poetry selected to introduce each design is a treasure as well. This is a book that touches the heart as well as the eyes.
